

# Children's Extensive Supports (CES)

## CES provides Medicaid benefits to eligible children.

The CES program enhances a family's ability to care for a child in the home, preventing the need for out-of-home placement or more intensive services. Trained staff come into the home to work with the child and the family to decrease negative behaviors and improve quality of life for the entire family unit.

Our staff are trained in developmental disabilities and behavioral interventions to best meet the needs of the children we serve. CES-specialized nurses ensure that staff supporting youth with medical needs are appropriately prepared and comfortable.

## What We Provide:

The type and scope of services is determined by family and team members. Some services available under this program include:

- Basic Homemaker
- Enhanced Homemaker \*
- Community Connector \*
- Group and Individual Respite

\*Parent-provided available.
